<div>Introduction</div> <div>  This is a sample page. It shows            a few things you can do with            Astro. Read the page, read the page            source, make changes, and use            astro.bat to generate your own            &lt;page&gt;.pdb file.         </div> <div>HTML</div> <div>           HTML. Astro impliments HTML 4.0,            but at this time the set of            supported tags is very limited, and         </div>
